

March 23 1943

Mr George Cornish  
220 B. Muir St.  
Cambridge Md.

Dear Mr Cornish:

I know you will not be surprised to receive this letter from me. The baseball season is almost here, and we are going ahead with plans for the coming season. We were doubtful for a long time about getting started, but it looks now like we will be able to.

I am writing mainly to ask you if you can contact the ballplayer you spoke to me about last year. We have of course lost a lot of men to the army.

I am enclosing a stamped addressed envelope for your convenience in answering me, and will appreciate it very much if you will take care of it soon.

We are meeting in Washington the last of this month, and plan to start spring training the early part of next.

Thank you in advance for any help you can give me.

Very Truly Yours
